

MEDIA RELEASE

From the Women's Amateur Darts Circuit

WELCOME TO THE WADC

The Women's Amateur Darts Circuit (WADC) will be the first women's only organisation ran by Women.

Head of Women's Development, Claire Stamper will run the day-to-day operations, with ADC Global to oversee and support.

Claire Stamper commented: *"It is an exciting time for Women to be playing darts. We are receiving many more opportunities to play at a high level compared to previous years. The women's game is becoming more attractive to the younger generation and encouraging them to try the sport.*

This is what we need to keep women's darts at the forefront".

WADC will move into 2024 with a second edition of the Women's Winmau Championship Tour. Next year will feature a prize-fund increase to a whopping, £28,600. The tour events have been increased from 12 to 16 and will be held over 4 weekends, with events in the North & South of England. Following on from the success of hosting the Finals of the 2023 Tour at MODUS Live Lounge, the finals will once again be staged in Portsmouth.

Launched in 2023, the Women's National Singles Leagues also proved to be a roaring success with 24 individual leagues ran throughout the year. The top 2 women of each league and the next best 24 players on points qualified for the National Finals in Bristol. In 2024, the Finals will be hosted in Middlesbrough with a prize fund of £4,000.

The organisation will also introduce new concepts and events in 2024, that will be inclusive for all Women players, fully supported by Winmau and Red Dragon.

Membership for the WADC will be priced at £10 for 12 months and can be purchased via the WADC United Kingdom Organisation on Darts Atlas.
